1. DUTIES AND TERMS OF REFERENCE

- 1.1 The Committee shall monitor the integrity of the financial statements of the Company, including its annual and half yearly reports (as presented by management of the Company to the Committee), interim management statements, preliminary results' announcements and any other formal announcement relating to its financial performance, review significant financial reporting issues and judgements which they contain and ensure that they portray an accurate and balanced view of the performance and prospects of the Company. Additionally, where requested by the Board, the Committee should review the content of the annual report and accounts and advise the Board on whether, taken as a whole, it is fair, balanced and understandable.
- 1.2 Although the Committee will naturally be focused upon the preparation of the Company's annual report and accounts, the Committee shall also monitor the integrity of the Company's broader corporate reporting, risk management systems (including the identification of future opportunities with respect to the same) and internal control environment. Whilst the Board is ultimately responsible for risk management and internal controls in the Company, the Committee is responsible for ensuring that executive management takes responsibility for internal controls being appropriately designed and are both efficient and effective in practice.
- 1.3 The Committee shall review and challenge where necessary:
- (a) the consistency of, and any changes to, accounting policies both on a year on year basis and across the Company and its Group, including the application of new accounting policies in interim accounts, and the plan to communicate those changes to shareholders and the market;
 - (b) the methods used to account for significant or unusual transactions where different approaches are possible;
 - (c) whether the Company has followed appropriate accounting standards and made appropriate estimates and judgements, taking into account the views of the external auditor;
 - (d) the clarity of disclosure in the Company's financial reports and the context in which statements are made;
 - (e) all material information presented with the financial statements, such as the business review/operating and financial review and any corporate governance statement (insofar as it relates to the audit and risk management);

- (f) any material financial or non-financial arrangements which do not appear in the financial statements;
- (g) any transactions or courses of dealing with directors, employees and shareholders of the Company and persons connected with them which are significant in size or which involve terms or other aspects that differ from those which would be likely to be negotiated with independent parties;
- (h) management's assessment of the impact of new accounting policies on the distributable reserves of the Company and its subsidiaries; and
- (i) the legality of any proposed dividend and the Company's ability to pay it and remain a going concern.

1.4 If the Committee is not satisfied with any aspect of the proposed financial reporting by the Company, it shall report its views to the Board.

1.5 The Committee shall:

- (a) keep under review and challenge the adequacy and effectiveness of the Company's internal financial controls and internal control and risk identification/management systems;
- (b) review the adequacy and security of the Company's arrangements for its employees and contractors to raise concerns, in confidence, about possible wrongdoing in financial reporting or other matters. The Committee shall ensure that these arrangements allow proportionate and independent investigation of such matters and appropriate follow up action;
- (c) review the Company's procedures for detecting fraud;
- (d) review and challenge the Company's systems and controls for the prevention of bribery and receive reports on non-compliance to ensure that that the Company's procedures and policies for the prevention of bribery are being effectively applied and remain adequate and appropriate;
- (e) review the adequacy and effectiveness of the Company's anti-money laundering systems and controls;
- (f) review regular reports from the Compliance Officer and keep under review the adequacy and effectiveness of the Company's compliance function;
- (g) review the utilisation of the Group's whistleblowing policy and the quality, timeliness and outcome of investigations into any reports on the same. Such review will include an assessment: (i) of staff awareness and trust in the Group's whistleblowing procedures and that those procedures protect confidentiality and anonymity as well as ensuring that whistle-blowers are not subject to victimisation; (ii) that the whistleblowing policy is readily available to staff, with clear unambiguous instructions to facilitate its use; (iii) that the whistleblowing policy is regularly reviewed to ensure that reflects best practice, is being applied consistently and remains effective; and (iv) that all legitimate concerns raised under the whistleblowing policy are independently and promptly investigated in a proportionate fashion;

- (h) ensure the Company has an adequate process for approving market announcements and make these available to the Board for comment; and
- (i) consider the key regulatory and compliance risks that might lead to personal loss or litigation if the Company does not follow certain legal requirements.

1.6 The Committee shall consider annually the need for an internal audit function, make any recommendation to the Board and explain the reasons for the absence of such a function, how internal assurance is achieved and how this affects the external audit work to the Board for disclosure in the annual report. The Committee shall assess whether the processes applied by management to ensure that the internal controls systems are functioning as intended provide sufficient and objective assurance.

1.7 The Committee shall:

- (a) consider and make recommendations to the Board, to be put to shareholders for approval at the Annual General Meeting, in relation to the appointment, re-appointment and removal of the Company's external auditor. If an auditor resigns the Committee shall investigate the issues leading to this and decide whether any action is required;
- (b) ensure that at least once every ten years the audit services contract is put out to tender to enable the Committee to compare the quality and effectiveness of the services provided by the incumbent auditor with those of other audit firms and oversee the selection process and further ensure that all tendering firms have such access as is necessary to information and individuals during the tendering process;
- (c) oversee the relationship with the external auditor including (but not limited to):
 - (i) recommendations on their remuneration, including fees for audit or non-audit services, which should be reviewed annually, and that the level of fees is appropriate to enable an effective and high quality audit to be conducted as a balanced against value for money for the Company. The Committee should consider how the fees benchmark against similar companies in terms of industry, size and complexity; how the fee has changed from the previous year in response to changes in the business; and whether the fee allows for sufficient time for senior audit personnel or specialist involvement to maintain audit quality;
 - (ii) approval of their terms of engagement, including any engagement letter issued at the start of each audit and the scope of the audit;
 - (iii) assessing annually their independence and objectivity taking into account relevant professional and regulatory requirements and the relationship with the auditor as a whole, including the provision of any non-audit services;
 - (iv) satisfying itself that there are no relationships (such as family, employment, investment, financial or business) between the auditor and the Company (other than in the ordinary course of business) which could adversely affect the auditor's independence and objectivity;
 - (v) agreeing with the Board a policy on the employment of former employees of the Company's auditor, then monitoring the implementation of this policy;

- (vi) monitoring the auditor's compliance with relevant ethical, legal regulation and professional guidance on the rotation of audit partners, the level of fees paid by the Company compared to the overall fee income of the firm, office and partner and other related requirements;
- (vii) assessing annually the qualifications, expertise and resources of the auditor and the effectiveness of the audit process which shall include a report from the external auditor on their own internal quality procedures; and
- (viii) evaluating the risks to the quality and effectiveness of the financial reporting process and consideration of the need to include the risk of the withdrawal of their auditor from the market on that evaluation.

1.8 The Committee should assist the Board to:

- (a) undertake a robust assessment of the risks (including future opportunities) facing the Company, including those that would threaten solvency and liquidity on a regular basis and formally at least once a year;
- (b) report to the shareholders in the annual report and accounts that they have done so, explaining how the principal risks are being managed and mitigated;
- (c) assess any material uncertainties in relation to the Company's ability to continue to adopt the going concern basis of accounting;

 - (i) clearly explain the strategy and business model of the Company and how corporate governance structures and behaviours support this;
 - (ii) appropriately identify material areas of change and discuss them in appropriate detail;
 - (iii) include a note of significant estimates and judgements that is complete and contains enough information to ensure that the implications of those estimates and judgements are clear; and
 - (iv) include a going concern assumption which is appropriate.

1.9 Meet regularly with the external auditor, including once at the planning stage before the audit and once after the audit at the reporting stage. The Committee shall meet the external auditor at least once a year, without management being present, to discuss their remit and any issues arising from the audit.

1.10 Review and approve the annual audit plan and ensure that it is consistent with the scope of the audit engagement, having regard to the seniority, expertise and experience of the audit team.

- (d) the auditor's view of their interactions with senior management,
 - (e) levels of errors identified during the audit, and

- 1.12 Review any representation letter(s) requested by the external auditor before they are signed by management.
- 1.13 Review the management letter and management's response to the auditor's findings and recommendations.
- 1.14 Develop and implement a policy on the supply of non-audit services by the external auditor to avoid any threat to auditor objectivity and independence, taking into account any relevant ethical guidance on the matter.

- 1.18 The Committee will be involved in the review and approval of the Company's interim reports and should consider the following:
 - (a) that the interim report is balanced, clear and in line with the Committee's understanding of the performance and prospects of the business;
 - (b) that the interim report has been prepared in accordance with the relevant accounting standards (such assurance may be obtained via the external auditor or through a review of the internal process of the Company in preparing the interim report);
 - (c) any significant estimates or judgements included in the interim report (the views of the external auditor might also be obtained to minimise the risk of a subsequent change in accounting treatment at the year-end); and
 - (d) whether there were any significant problems encountered in the preparation of the

interim report and whether action needs to be taken to ensure those problems do not recur at the year-end.

1.19 The Committee shall:

- (a) have access to sufficient resources in order to carry out its duties, including access to its secretary and legal advisors for assistance as required;
